Full-Stack 

## About

Aspiring **Full-Stack developer** with hands-on experience building interactive applications using

**React, Node.js, MongoDB, and REST APIs.**

Passionate about transforming ideas into clean, efficient, and accessible user interfaces.

Through personal projects, I've developed a strong foundation in modern web development and problem-solving.

My experience volunteering internationally with Chabad strengthened my communication skills and taught me how to collaborate effectively across cultures—skills I bring to every team environment. Eager to contribute and continue learning in a dynamic development role.

## Education

**Full-stack, HackerU**
