English

Summary

While studying, I also volunteered at Chabad Houses, where I met travelers from around the world and developed strong people skills through cultural connection and service.
I'm passionate about development and spend my time building projects—from simple shopping carts to more complex apps. I enjoy collaborating, sharing ideas, and learning through hands-on experience to keep growing as a developer.

Education

Full-stack, HackerU
February 2023 - May 2024

Volunteering

Chabad House Budapest
March 2023 - November 2023
